Current News

The April Club meeting will be held at the flying field. The meeting will be on April 22, 2017 at 10:30 am. The meeting will be canceled if there is rain on that day.

April 22 will also be a field cleanup/workday event. With that, the club will sponsor a hamburger/hot dog luncheon for the workers. Part of the work will be to remove the growth in the parking area from the shade structure to the float fly entrance gate. Hopefully we will have the mower fixed and cut the growth around the paved field areas as well.

During the March meeting, we created a new policy for non flyers at the field and was approved by the attending members. The policy states: All non members wanting to fly at the field and live within 75 miles from the flying field will be able to fly up to three times. After that the non-member must join to continue flying at the field. For non-members that want to fly at the field and live greater than 75 miles from the field, they will be exempt from the three visits and join requirement.

All non-members that want to fly at the field must get permission and be sponsored by an open club member. Only two non-members can be sponsored by a club member. And at no time shall any non-member fly at the field without any open club members being present. Further, to prevent any abuse of non-members living greater than 75 miles from the field, the membership has the right to require the offending non-member to join prior to further flying at the field.

However, all non-members may fly at the flying field, exempt from this policy, provided it is a sanctioned flying event.

Triangle Series Pylon Races lost the scheduled event in Fresno, and ask if our field could sponsor this event. The membership at the March meeting voted to have the Races at the field on May 6th and 7th of 2017. We will be needing 10 volunteers to help out with the judging and the cooking for both days. Please contact a club officer for more information.
