Current News

The November Club meeting will be held at the flying field. The meeting will be on November 18, 2017 at 10:30 am. The meeting will be canceled if it is raining.

From now until January 28, 2018, the flying field will not open until 10:00 am daily. This is because of duck and goose season at the reservoir.

The second payment for the loans received from a few club members will be made in November. Also the club dues billing will be coming out during November. Please ensure that all information on the invoice is accurate. There are a few members with incorrect email addresses. Please understand that your membership may be delayed a bit because Joel will get the mail and send me the invoice. But we will do the best we can to get the membership cards out in a timely fashion.

The nominations for the Club Officers were concluded at the October Club meeting. The nominees are:

| | |
|----------------|-------------|
| President | Ben Lanford |
| Vice President | Gregg Bixel |
| Secretary | Steve Howie |
| Treasurer | Joel Bixel |

The elections will be held at the November meeting.

This spring we will have a work party to seal any large cracks in the runway. We were left some crack sealer by the contractors that worked on the runway. We will also have a luncheon on that day. We are also thinking of having up to three pylon races in 2018. The dates should be firmed

up during February 2018.

Dick Beldon made up a couple of model plane stands that can be used for assembly of a model up to 10 lbs. Thanks to Dick for making the effort to donate these stands to help improve your experience at the field. Also thanks to Dick for helping with the organization of the Adopt a Tree program.

Also thanks to all of the Adoptees of the trees at the field to help these trees survive and flourish. There are a few more spots (trees) that need adopting. Some of these trees are dead and will be replaced by the club.
