Club AMA Charter Renewed-Ron Lenci renewed our club charter with the AMA in in January. We are once again an AMA chartered club for 2023.

Application for FRIA-Ron Lenci has applied for the club's FRIA (FAA-Recognized Identification Area) with the AMA that will be processed with the FAA. Once implemented the FAA will recognize our field as a recreational flying site so that we may continue to operate our aircraft with having to have a remote ID transponder on

I believe this new FAA ruling goes into effect in September 2023. We have already begun the required process.

Calendar for 2023-2023 club president, Mike Stewart and Secretary, Shawn Lenci, have put together a tentative club event calendar for the new year. You will find it in the back of the news letter. The field will be closed for sport flying on March 11th and 12th for the first IMAC contest. We will also be hosting our annual RCFU SWAP MEET on March 25th. The field will be open to sport fly in the afternoon after the Swap is over. More info to follow on both events. Get your old gear ready to sell or trade at the swap. Seller's table will be \$15 as in the past.

February Meeting Saturday February 11th—
We will be having our first club meeting this Saturday, February 11th at **10 AM** at the flying site. We have move the start time back to 10 AM as it was several years ago. We have had to juggle the meeting dates a bit for the year due to holidays and other events. All scheduled meeting are on the club calendar.

See you on Saturday,

Shawn Lenci-RCFU 2023 Secretary
